TABERNACLE CHOIR TRIP
TO CHICAGO CALLED OFF

Arrangements for Ogden Singers to Take Eastern Trip Are Cancelled.

(Special to The Herald-Republican.)

Ogden, Nov. 3.—The Ogden Tabernacle choir will not sing the "Irrigation Ode" at the National Farm Land congress to be held in Chicago the middle of this month. A telegram has been received by Fred J. Kiesel from R. P. Cross, manager of the Chicago Tribune, which had previously offered to pay the expenses of the choir, stating that obstacles had arisen that made it impossible for the land show to use the choir this year.

C. J. Ross, manager of the choir, is in Chicago, where he went for the purpose of making arrangements for the performance of the Ogden singers at the congress. Just what hitch has occurred the telegram does not state, and full information will not be obtainable until Mr. Ross returns. The news came as a great disappointment to the members of the choir.

VICTIM SUPPLIES WEAPON

Bartender Throws Revolver at Brake-

man and Railroador Uses It Without Effect.

(Special to The Herald-Republican.)

Bingham, Nov. 3.—A. J. Baird, a brakeman on the Denver & Rio Grande skyline, fired three shots at John Vietti, a bartender in the Union saloon, this morning. One of the bullets taking effect. Baird called for a revolver and threw a quarter on the bar, pocketing the coin after he had been served. An altercation ensued and the bartender threw an empty beer bottle at Baird, following it up with a revolver. Baird picked up the weapon and fired it at Vietti, the bullet striking his head and shattering a mirror. Vietti crawled under the counter and Baird fired two more shots at him. Vietti then left the saloon and was arrested shortly afterwards by Officer White, who arrested him before he could reach the Bingham jail. Baird is now in the county jail, awaiting the action of the county attorney.

CHARGE CATTLE RUSTLING

Dan Hansen of Elsinore Held by Officers to Answer Before Court at Richfield.

(Special to The Herald-Republican.)

Richfield, Nov. 3.—The biggest sensation here is the arrest of Dan Hansen of Elsinore on a charge of cattle rustling. It is alleged that 25 animals have been found which were taken from the range by him and sold to butchers in this county. Most of the cattle thus sold are from Salina, Kan. The rustling was organized last week by Franz Mattson of Salina, who was in the south end of the county buying cattle. He later steered a number of them to this county, where they were sold to a party who purchased which he recognized as animals belonging to Salina men. He made inquiries and found that the animals had been sold by Dan Hansen. He communicated with Salina, and then Sheriff Abbott was notified. Investigation led to the discovery of hides from animals slaughtered and other animals in the possession of men in the south end of the county. Hansen was arrested by Sheriff Abbott and appeared before Justice Johnston of Richfield and was placed under \$5,000 bonds to appear for preliminary hearing Nov. 10. Parley Magley and Willis Johnson, his bondsmen, are both Elsinore men. Salina men who have lost cattle are asking for a grand jury investigation, as they believe the stealing has been going on for several months.

MAY CONTEST ELECTION

Suits May Be Brought to Oust Four Fusion Councilmen in Provo.

(Special to The Herald-Republican.)

Provo, Nov. 3.—As a result of the attempt at fusion between the Republicans, Democrats and Prohibitionists in the election, suit likely will be brought against E. S. Hinekey in the Fifth ward, George Christensen in the Fourth, A. W. Hardy in the Third and W. A. McCullough in the Second, to contest their election. The independent, who sues everything except these four officers, say that, in the fusion of the two old parties the conventions erred in placing the names of both tickets on the ballot. They say also that Jesse Manwaring, the Democratic candidate from the Third ward, did not file his declaration within the required time. Attorneys have been looking into the subject today.

"Stomach Man" Will Introduce Remedies at Smith's Drug Store.

HOW TO AVOID ILLNESS

STUFFED-UP DIGESTIVE ORGANS TROUBLE EVERYONE.

The Cooper "stomach man," the eastern expert and millionaire manufacturer of proprietary remedies, announced that he will take advantage of his visit to Salt Lake to meet the people of this city in person to explain his theories. He said:

"There is very little the matter with Americans other than stuffed-up, overworked digestive organs, but there is a surprising amount of this condition, and in consequence most of us are half sick a large part of the time. I think I shall be able to prove to the people of Salt Lake during my stay that there would be mighty little sickness in this city if they would govern their stomachs as they do their pocketbooks."

"My medicine is not like the marvelous preparations we read about so much in advertisements, that will almost bring the dead back to life. It is nothing but a stomach regulator and tonic, but it is the best thing of the kind I know of on the market today. It will make a balky, overworked, peevish stomach get down to business in about thirty days. I will convince an awful lot of people of this before I leave Salt Lake."

"My headquarters will be at Smith's 'Stomach Man' drug store, at First South and Main. Beginning tomorrow (Thursday), myself or my assistants will be at this store from 10 o'clock in the morning to 6 o'clock at night every day to meet all who care to talk with me. My preparation is sold on trial only. If it isn't satisfactory I don't want any money for it. I will have some one at the store for the purpose of allowing those who try my medicine without charge to do so."
